Dear Sir,

The Labour Association had set up candidates for the Bhadravati Municipal Elections Bhadravati is a labour area and in this connection, we should recall the words of our beloved His Highness the Maharaja of Mysore Sri Jayachamarajendra Wadiyar, Bahadur, who has, in reply to the address given by the Town Municipality in the year 1940 said "This town is the Birmingham of Southern India" This being the case, no labour representative returned successful in the recent elections as a result of existing system of franchise The interest of labour has got to be safeguarded in Municipality And so all the nomination seats should be given to the labour representatives The community interest can also be represented here if nominations are made to different communities in labourers We therefore appeal to the President of the Town Municipality to recommend our case to the Deputy Commissioner and Government.

Dear Sir,

On behalf of the above Leage, I beg to state as under

In the recent elections of Bhadravati Municipality, two Muslims have come successful through Congress, and one independently

Bhadravati is a big town having sufficiently a large number of Muslim population and I am afraid the real interest of Muslims will not be met with by only one representative in the Council who had stood independently

As there is much wor' to be done in this connection, I request you to kindly nominate me in one of the places taking into consideration the above facts and the interest of the Muslims

I trust this will have your kind consideration, and in the meanwhile remain,

Yours faithfully,
